Dream-Thought-Action

*Dream, dream, dream,
Your dreams will transform into thoughts,
The thoughts will result in actions.
And you will succeed.*

Encourage all children to dream for themselves. Unless they have dreams they will not be motivated to attain them. Slowly, you will find that, with proper effort, dreams will transform into thoughts and with effort and labour, these thoughts can be transformed into action. Success is possible only when we have a commitment to action. This 'dream-thought-action' philosophy is what has to be inculcated in each and every student.

*It is not a disgrace to not reach the stars, but
it is a disgrace to have no stars to reach for.*
