"The happiness of your life depends on the wholesomeness of your thoughts."

HAPPINESS IS...

Happiness is an achievement. An achievement of goals. Goals of helping someone, doing it yourself & thinking good for others. Happiness is doing.

We all think bigger than what we are. In our own establishments, each of us is secure & powerful, only when we move out; we come to know about our worth.

In His wisdom, God gives each of us a limited, finite number of hours, a year in which to achieve our goals, both material and spiritual. He gives us these hours in sequence, day by day, month by month. If they're wasted, however, they're neither repeatable nor refundable. He gives the same amount to the rich & to the poor, to the young & to the old. Whatever happiness we may achieve in this life will come from purpose to which we put God's priceless gift that is, time. Everybody in the world is seeking happiness & there is one sure way to find it. That is by controlling your thoughts. Don't fuss about trifles. Don't permit little things to ruin your happiness. The more problems you have, the more alive you're! Don't work over what other people are thinking about you. They're busy worrying over what you're thinking about them. Never fear shadows; they simply mean that there is a light shining somewhere nearby.

If you're stressed, if you can't sleep, get up & work or read until you do feel sleepy. Remember that no one was ever killed by lack of sleep. Being stressed or worrying about silly things usually causes far damage than sleeplessness. Try prayer.

A good laugh is like sunshine in a house. Happiness is never perfect until it is shared, so when you try to spread happiness, some of it sticks to you too. At last, after getting a satisfied smile, one can say "YES, YOU'RE WEALTHY, BUT I'M RICH."
